**Objective** To leverage my skills in web development, problem-solving, and teamwork to contribute to innovative projects, while continuously learning and growing in a dynamic and challenging environment. I aim to create efficient, user-friendly web solutions that drive business success and enhance user experience.

**Education** NFC- Institute of Engineering and Technology

Multan Punjab  
Bs in Computer Science currently studying

Govt. College of Science

Multan Punjab  
Intermediate in Computer Science

**Key Skills** Data entry Graphic Designing  
Web Development App Development

**Experience** I am currently pursuing a Bachelor's degree in Computer Science, now I'm in 8th semester, while also gaining practical experience as a Web Developer intern at Developer's Hub Corporation.

My role as an intern involves developing and maintaining

- Web Applications
- optimizing front-end.

This experience has allowed me to strengthen my skills in

- HTML
- CSS
- JavaScript
- React
- MongoDB

while also becoming proficient with version control tools like Git.

My academic journey has provided a solid foundation in subjects such as

- Advanced Web Development

Through both my coursework and internship, I am building a strong portfolio of projects that reflect my growing expertise in web development.

September 2024 - November 2024

Intern at Developer's Hub corp.
